DEPARTMENT OF THE INTERIOR.

General Land Office.

[Circular No. 1415]

**REGULATIONS GOVERNING MINING UNDER THE ACT APPROVED
JUNE 22, 1936**

DECEMBER 28, 1936.

Register, Anchorage, Alaska.

SIR: The act of June 22, 1936, Public No. 750, 74th Congress, an act to extend the mining laws of the United States to the Glacier Bay National Monument in Alaska, provides as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in the area within the Glacier Bay National Monument in Alaska, or as it may hereafter be extended, all mineral deposits of the classes and kinds now subject to location, entry, and patent under the mining laws of the United States shall be, exclusive of the land containing them, subject to disposal under such laws, with right of occupation and use of so much of the surface of the land as may be required for all purposes reasonably incident to the mining or removal of the minerals and under such general regulations as may be prescribed by the Secretary of the Interior.

Under this act, the lands in the Glacier Bay National Monument, reserved by proclamation of February 26, 1925 (43 Stat. 1988), or as it may be extended hereafter, are open to prospecting for the kinds of mineral now subject to location under the United States mining laws, and, upon discovery of any such mineral, locations may be made in accordance with the provisions of the mining laws and regulations thereunder. Such locations, duly made, will carry all the rights and incidents of mining locations, except that they will give to the locator no title to the land within their boundaries or claim thereto except the right to occupy and use so much of the surface of the land as required for all purposes reasonably necessary to mine and remove the minerals, such occupation and use to be under general regulations prescribed by the Secretary of the Interior.

The owner of a mining location may cut such timber within the boundaries of his claim as is necessary for mining purposes. Prospectors may cut timber for their necessary mining and domestic uses only with the permission of the custodian of the monument or his representative who will designate the timber to be cut. All slash, brush or debris resulting from the cutting of timber upon mining claims or by prospectors shall be disposed of by the claimant or prospector in such manner and at such time as may be designated by the National Park Service officer in charge so as to prevent the creation of fire hazards, or conditions conducive to the development of infestation by timber-destroying insects.

Prospectors or miners shall not open or construct roads or vehicle trails without first obtaining a permit from the Director of the National Park Service. Applications for such permits may be made through the officer in charge of the

monument upon submitting a map or sketch showing the location of the mining property to be served and the location of the proposed road or vehicle trail. The permit may be conditioned upon the permittee maintaining the road or trail in a passable condition so long as it is used by the permittee or his successors.

Occupation and use of the surface of an unpatented mining claim is restricted by the general law to such as is reasonably incident to the exploration, development and extraction of the minerals in the claim. Accordingly, any locator or patentee of a mining claim located under this act will be entitled to such right. Upon written permission of the Director of the National Park Service or his representative, the surface of such claim may be used for other specified purposes, the use to be on such conditions and for such period as may be prescribed when permission is granted.

Prospectors and miners shall at all times conform to any rules now prescribed or which may be made applicable by the Director of the National Park Service to the national monument.

Attention is called to the park regulation for the protection of wild life which provides:

The national monument is a sanctuary for wild life of every sort, and all hunting, or the killing, wounding, frightening, capturing or attempting to capture at any time of any wild bird or animal, except dangerous animals when it is necessary to prevent them from destroying human lives or inflicting personal injury, is prohibited.

Firearms, traps, seines, and nets are prohibited within the boundaries of the monument, except upon written permission of the custodian or his representative.

The right of occupation and use of the surface of the land embraced in the boundaries of a location, entry or patent pursuant to this act will terminate when the minerals are mined out or the claim is abandoned. Any owner of an unpatented location who fails to perform annual assessment work on his claim for any assessment period will be assumed to have abandoned his claim, and his right of occupation and use of the surface of the claim considered at an end.

Applications for patents and final certificates issued thereon for mining claims in this monument should be noted "Glacier Bay National Monument Lands", and all patents issued for claims under the act will convey title to the minerals only, and contain appropriate reference to the act and these regulations.

Very respectfully,

FRED W. JOHNSON, *Commissioner.*

I concur:

ARNO B. CAMMERER,

Director, National Park Service.

Approved, December 28, 1936.

T. A. WALTERS,

First Assistant Secretary.

NCR—B-1-I

1936 AGRICULTURAL CONSERVATION PROGRAM—NORTH CENTRAL REGION

BULLETIN NO. 1-I

Pursuant to the authority vested in the Secretary of Agriculture under Section 8 of the Soil Conservation and Domestic Allotment Act, North Central Region Bulletin No. 1, Revised,¹ as amended, is hereby further amended as follows:

Part I, Definitions, is amended by deleting therefrom the definition of Cotton Farm and by adding the following new definition in lieu thereof:

Cotton Farm means any share-rented farm or farm operated with the aid of sharecroppers in Area B or in Area C which has a cotton base or on which cotton was grown in 1936.

The provisions of this NCR—B-1-I shall be effective as of October 19, 1936, so as to be included within the conditions mentioned in the "Order With Respect to Payments Under the 1936 Agricultural Conservation Program—North Central Region", issued October 7, 1936,² as amended.

In testimony whereof, H. A. Wallace, Secretary of Agriculture, has hereunto set his hand and caused the official seal of the Department of Agriculture, to be affixed in the City of Washington, District of Columbia, this 4th day of January 1937.

[SEAL]

H. A. WALLACE,
Secretary of Agriculture.

IN THE MATTER OF AN OFFERING SHEET OF A ROYALTY INTEREST
IN THE LARKINS & WARR-FRISCO FARM, FILED ON DECEMBER
14, 1936, BY R. E. PITTS, RESPONDENT

CONSENT TO WITHDRAWAL OF FILING OF OFFERING SHEET AND
ORDER TERMINATING PROCEEDING

The Securities and Exchange Commission, having been informed by the respondent that no sales of any of the interests covered by the offering sheet described in the title hereof have been made, and finding, upon the basis of such information, that the withdrawal of the filing of the said offering sheet, requested by such respondent, will be consistent with the public interest and the protection of investors, consents to the withdrawal of such filing but not to the removal of the said offering sheet, or any papers with reference thereto, from the files of the Commission; and

It is ordered that the Suspension Order, Order for Hearing and Order Designating a Trial Examiner, heretofore entered in this proceeding, be and the same are hereby revoked and the said proceeding terminated.

By the Commission.

[SEAL] FRANCIS P. BRASSOR, *Secretary*.

[F. R. Doc. 37-34; Filed, January 5, 1937; 1:02 p. m.]

United States of America—Before the Securities and Exchange Commission

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 4th day of January A. D. 1937.

IN THE MATTER OF AN OFFERING SHEET OF A ROYALTY INTEREST
IN THE SINCLAIR-PRairie-HOLMES FARM, FILED ON DECEMBER
28, 1936, BY W. R. CURRY, RESPONDENT

SUSPENSION ORDER, ORDER FOR HEARING (UNDER RULE 340 (A)),
AND ORDER DESIGNATING TRIAL EXAMINER

The Securities and Exchange Commission, having reasonable grounds to believe, and therefore alleging, that the offering sheet described in the title hereof and filed by the respondent named therein is incomplete or inaccurate in the following material respects, to wit:

(1) In that the estimation of recoverable oil, Division III, fails to show the similarity of the Simpson and Wilcox formations in the Moore and Oklahoma City Pools referred to under heading "Porosity and Saturation" respecting the Simpson formation.

(2) In that there is no explanation in Division III to show by whom or how the 14% porosity factor for the Simpson formation in the Oklahoma City Pool was established, nor has it been explained fully why this factor was used in combination with the other factors in estimating the recoverable oil.

(3) In that it is not clearly shown in Division III that the Simpson formation is productive in the Holmes lease.

(4) In that it has not been fully explained in Division III how the average normal recovery of 1,100 barrels per acre foot for the Wilcox formation was established.

(5) In that facts have not been presented in sufficient detail in Division III to warrant the conclusion that the structural location of the tract under consideration is similar to the location of the Continental-Young lease on the Edmond Pool structure.

It is ordered, pursuant to Rule 340 (a) of the Commission's General Rules and Regulations under the Securities Act of 1933, as amended, that the effectiveness of the filing of said offering sheet be, and hereby is, suspended until the 3rd day of February 1937 that an opportunity for hearing be given to the said respondent for the purpose of determining the material completeness or accuracy of the said offering sheet in the respects in which it is herein alleged to be incomplete or inaccurate, and whether the said order of suspension shall be revoked or continued; and

It is further ordered that Charles S. Moore, an officer of the Commission be, and hereby is, designated as trial examiner to preside at such hearing, to continue or adjourn the said hearing from time to time, to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, consider any amendments to said offering sheet as may be filed prior to the conclusion of the hearing, and require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law; and

It is further ordered that the taking of testimony in this proceeding commence on the 18th day of January 1937 at 10:00 o'clock in the forenoon, at the office of the Securities and Exchange Commission, 18th Street and Pennsylvania Avenue, Washington, D. C., and continue thereafter at such times and places as said examiner may designate.

Upon the completion of testimony in this matter the examiner is directed to close the hearing and make his report to the Commission.

By the Commission.

[SEAL] FRANCIS P. BRASSOR, *Secretary*.
